

This questionnaire is designed to help with the process of creating your new web site. The more answers you can give, the further along we'll be in the design process. Don't worry if you don't have the answers, though. We can work them out together.

You can type your answers in using Adobe Acrobat. If you are using Acrobat Reader, you will not be able to save your entries, in which case you can print the form out and fax it (413.529.2356). If you have the full version of Acrobat, you'll be able to save the PDF and email it if you'd prefer (leslie@leslietanedesign.com). You can also just print this form out and write on it.

Thank you!

TECHNICAL QUESTIONS:

Do you have a domain name? No Yes _____

If YES: Who is the registrar (ie: Network Solutions, register.com, etc.)? _____

Do you also have a host (ie: Bluehost)? No Yes _____

If NO: Do you know what domain name you'd like (ie: yoursite.com)?
 No Yes _____
